5. Please describe in as much detail as possible the incident report on Plaintiff - (Refusing program - 306) on 12-20-2002 at 9:50 a.m. as UDC Chairman. The Plaintiff's statement to committee. Plaintiff did not mention ERIC DRAYTON name in statement.

Response: On December 20, 2002 myself and Tim Holt, Counselor, conducted a UDC hearing on inmate Donaldson for Refusing Programs code 306. Inmate Donaldson's statement to the UDC was, "I don't want to go back to the compound because of the DC inmates pressuring me for sex. This incident report was forwarded to the DHO for further disposition. The UDC made the following recommendations should inmate Donaldson be found guilty of the prohibited act, 15 days disciplinary segregation and loss of 7 days good conduct time.

6. Please identify and describe in as much detail as possible the inmates in B-B comments and complaints, relevant to inmates coming to Unit B-B harassing Plaintiff.

Response: As I recall, several inmates approached me with concerns of other inmates (not assigned to unit BB) entering the unit to visit with inmate Donaldson on the evening watch shift. I can not recall these inmates, or their exact comments and complaints. Once I was made aware that other inmates not assigned to unit BB were entering the unit, I immediately notified the evening watch officers to pay closer attention to who entered the unit during the activity moves.

7. Please describe in as much detail as possible, did you notify any staff on inmates coming to Unit B-B harassing Plaintiff after plaintiff was released from Special Housing Unit on or about February 2, 2002, till March 29, 2003?

Response: Upon inmate Donaldson's release from the special housing unit on February 12, 2003, a memorandum was posted in the officers office requesting that unit staff and the housing unit officers closely monitor inmate movement into the unit to prevent inmates from other units from entering unit BB.

(4.)

8. Please describe in as much detail as possible, after Plaintiff was released from Special Housing Unit, on or about February 1, 2002 until March 29, 2003, did you see any documents regarding inmate ERIC DRAYTON not to be permitted in the Unit B-B in the Officers' Station?

Response: Upon inmate Donaldson's release from the special housing unit on February 12, 2003, a memorandum was posted in the officers office requesting that unit staff and the housing unit officers closely monitor inmate movement into the unit to prevent inmates from other units from entering unit BB. There was also a picture of inmate Drayton put on the memorandum.

9. Please describe in as much detail as possible, about the conversation you, Plaintiff, and William Bell had "about inmates coming to Unit B-B.

Response: I remember having a conversation with inmate Bell, to the best of my knowledge it had something to do with him wanting to move out of the cell he shared with inmate Donaldson. I believe it was because inmate Donaldson had frequent visitors coming into his cell.

10. Please state name, affiliation, title, last known address and last name of each person who had knowledge of Plaintiff in protective custody on November 1, 2002.

Response: -Gary Buck, Correctional Counselor - FCI McKean

**V. SPECIFIC EVIDENCE RELIED ON TO SUPPORT FINDINGS (Physical evidence, observations, written documents, etc.)**

The written statement of Officer Nero documents on December 19, 2002, at approximately 1:15 p.m., he told you to pack your property because you were being released from the Special Housing Unit to the general inmate population. You stated you were not returning to the compound.

The memorandum written by Unit Manager Kindervater documents on November 12, 2002, you were placed in the Special Housing Unit after requesting protective custody. You were interviewed that same day by Counselor Buck and Unit Manager Kindervater in the Special Housing Unit. During the interview, you identified an inmate who you stated was "pressuring" you for a "relationship". You stated you were involved in a relationship with this inmate at another institution. The inmate wanted to continue the relationship with you, but you did not want to. The inmate had been coming to the unit and "pressuring" you in the evenings. You also stated three other inmates had approached you on the compound about a month ago for sex, but they did not assault you. The inmate you were in the prior relationship with tried to prevent you from talking to other inmates, and he would get very defensive toward other inmates who talked to you. You did not think the inmate would hurt you, but you believed he might hurt someone else if he saw someone talking to you. You stated you could not take it anymore, and you wanted to remain in the Special Housing Unit, or be transferred.

Other inmates were interviewed during Mr. Kindervater's investigation of your need to remain in the Special Housing Unit for protective custody. Mr. Kindervater concluded there was no evidence presented which would lead him to believe there is a threat to your safety. Mr. Kindervater recommended that you be released from the Special Housing Unit and returned to the general inmate population. The investigation completed by Mr. Kindervater was reviewed by SIS Lieutenant Chiodo, Captain Reich, and Associate Warden (Programs) Billisits, who concurred with the finding of Mr. Kindervater that you should be returned to the general inmate population.

You denied the charge and presented as your defense that when the reporting staff member ordered you to return to the general inmate population, you did not know your investigation was completed. You requested to be placed in the Special Housing Unit for protection. You talked to one of the SIS Lieutenants. You believe you talked to the SIS Lieutenant the day before the reporting staff member wrote the incident report. The SIS Lieutenant told you he was going to see you two days later. The next day, the reporting staff member told you that you had to go back to the compound, but the SIS Lieutenant

told you he was going to see you the day after the reporting staff member told you that you had to go back to the compound. The UDC saw you the day after the incident report was written. You told them the SIS Lieutenant told you he would see you the next day. The UDC told you the SIS Lieutenant told them the investigation was completed. You told the UDC you were refusing to go back to the compound because the SIS Lieutenant told you he was coming back to see you. The UDC told you the investigation was over with, and that was it, but they didn't tell you it was over with until after you received the incident report.

The DHO gave little weight to your defense because the DHO found your defense to have no merit. Although you contend you were not informed by staff that the investigation was over with until after you received the incident report, you admitted the reporting staff member did order you out of the Special Housing Unit, and you refused. The memorandum written by Unit Manager Kindervater documented your need to remain in the Special Housing Unit could not be verified, and he recommended that you be placed back into the general inmate population. The report prepared by Mr. Kindervater was reviewed by SIS Lieutenant Chiodo, Captain Reich, and Associate Warden (Programs) Billisits, who concurred with Mr. Kindervater's recommendation. You admitted when the reporting staff member ordered you to return to the general inmate population, you refused. You also stated when you appeared before the UDC, they informed you the investigation was completed. The record documents you appeared before the UDC on December 20, 2002, at 9:50 a.m. The UDC documented you stated you would not go back to the compound. You were instructed by the reporting staff member on December 19, 2002, at approximately 1:15 p.m., to pack your property in the Special Housing Unit because you were returning the general inmate population. When you were instructed to do so, you stated you were not returning to the compound. By refusing to return to the general inmate population, the DHO found you committed the prohibited act of Refusing to Accept a Program Assignment, Code 306.

**VI. SANCTION OR ACTION TAKEN**

Disallow Good Conduct Time: Disallow 10 days GCT from Comp 010, PLRA, for 306.

**VII. REASON FOR SANCTION OR ACTION TAKEN**

Refusing to accept a program assignment seriously disrupts the security and orderly running of the institution. By refusing to return to the general inmate population after being ordered to do so, your behavior demeans staff's authority, and it hampers staff's ability to provide inmates with meaningful program assignments. This type of inmate behavior cannot be tolerated, because to do so would lessen staff's ability to effectively manage the inmate population. The sanction was imposed to punish you for your misconduct, to place a significant impact on your future, and to deter this type of inmate behavior within a correctional institution.

**VIII. APPEAL RIGHTS:** The inmate has been advised of the findings, specific evidence relied on, action and reasons for the action. The inmate has been advised of his right to appeal this action within 20 calendar days under the Administrative Remedy Procedure. A copy of this report has been given to the inmate.

## EEED TO KNOW

### 1 Why get vaccinated?

Diphtheria, tetanus, and pertussis are serious diseases caused by bacteria. Diphtheria and pertussis are spread from person to person. Tetanus enters the body through cuts or wounds.

**DIPHTHERIA** causes a thick covering in the back of the throat.

- It can lead to breathing problems, paralysis, heart failure, and even death.

**TETANUS (Lockjaw)** causes painful tightening of the muscles, usually all over the body.

- It can lead to "locking" of the jaw so the victim cannot open his mouth or swallow. Tetanus leads to death in about 1 out of 10 cases.

**PERTUSSIS (Whooping Cough)** causes coughing spells so bad that it is hard for infants to eat, drink, or breathe. These spells can last for weeks.

- It can lead to pneumonia, seizures (jerking and staring spells), brain damage, and death.

Diphtheria, tetanus, and pertussis vaccine (DTaP) can help prevent these diseases. Most children who are vaccinated with DTaP will be protected throughout childhood. Many more children would get these diseases if we stopped vaccinating.

DTaP is a safer version of an older vaccine called DTP. DTP is no longer used in the United States.

### 2 Who should get DTaP vaccine and when?

Infants should get 5 doses of DTaP vaccine over the first 18 months of their lives.

1st dose at 2 months, 2nd dose at 4 months, 3rd dose at 6 months, 4th dose at 15-18 months, 5th dose at 4-6 years.

DTaP may be given at the same time as other vaccines.

### 3

### Some children should not get DTaP vaccine or should wait

- Children with minor illnesses, such as a cold, may be vaccinated. But children who are moderately or severely ill should usually wait until they recover before getting DTaP vaccine.
- Any child who had a life-threatening allergic reaction after a dose of DTaP should not get another dose.
- Any child who suffered a brain or nervous system disease within 7 days after a dose of DTaP should not get another dose.
- Talk with your doctor if your child:
  - had a seizure or collapsed after a dose of DTaP,
  - cried non-stop for 3 hours or more after a dose of DTaP,
  - had a fever over 105°F after a dose of DTaP.

Ask your health care provider for more information. Some of these children should not get another dose of pertussis vaccine, but may get a vaccine without pertussis, called DT.

### 4

### Older children and adults

DTaP should not be given to anyone 7 years of age or older because pertussis vaccine is only licensed for children under 7.

But older children, adolescents, and adults still need protection from tetanus and diphtheria. A booster shot called Td is recommended at 11-12 years of age and then every 10 years. There is a separate vaccine information statement for Td vaccine.

## Staff Statements: (Memorandums)

## B. Howard ISO August 29, 2003

On August 29, 2003 at approximately 1pm, I (B. Howard) responded to a body alarm in education. Upon arriving I was instructed by LT. Pfister to direct inmates as they came to me to three separate interview rooms. As inmates completed there interviews, I secured them in the classrooms.

## W. Young, LIE

On August 29 at approximately 1:00pm, I responded to a staff assistance needed in Education radio transmission. Upon arrival in education, I assisted securing inmates in their assigned areas. Lt. Pfister directed me to escort 2 inmates [REDACTED] and [REDACTED] to medical services. The inmates appeared to have been splashed by a substance that they said was burning them. The inmates were pat searched and escorted to health services. The inmates were treated by PA Judy Glenn. Both inmates were interviewed by R. Corbett, L.I.E. and their statements were turned over to Lieutenant Pfister. At approximately 2:10pm the inmates were released to education.

## Lieutenant C. Cooper August 29, 2003

On August 29, 2003 at approximately 1245hrs a call for assistance was sounded in the education department. I responded to the area to find that inmate Donaldson #20102-018 had a liquid substance thrown in his face. Once the area was secured I began conducting mass interviews along with Officer Brinker. Out of the several inmates whom were interviewed, two inmates in particular actually visually witnessed the incident and had no prior. Inmate [REDACTED] stated that he was sitting next to inmate Donaldson when

he was hit with the substance. [REDACTED] stated that it was over a lovers quarrel and that it was Inmate [REDACTED] later identified as Inmate [REDACTED]. Inmate [REDACTED] stated "ever since inmate Donaldson has been released from SHU he hasn't given up any butt, that's what it's probably over."

Lieutenant L. Rister August 29, 2003

An August 29, 2003, at approximately 12:45pm assistance was requested in Education. As I arrived in education S. Nicholson, Teacher had inmate Donaldson, Sadrick #20102-018 in the mop room rinsing his face with water. C. Strade, Ed. Tech. And M. Agricola, Teacher were moving inmates from D. Confer room to the two rooms on the south end of education nearest the door to Unicor. Inmate Donaldson was escorted to Health Services for treatment for first and second degree chemical burns to his face and chest area. Due to the extent of the burns to his face, he was sent out to the Local Hospital for further treatment. The inmates in the South end rooms were identified, searched, interviewed, and released. The following inmates were also treated by Health Services: [REDACTED] no injuries noted; and [REDACTED], minor burn to forehead, were treated and released.

After a preliminary investigation, it was determined that [REDACTED] threw a liquid corrosive substance on Inmate Donaldson, Sadrick #20102-018 striking him in the face and chest area. The substance splashed and struck inmates [REDACTED]. [REDACTED] was assessed for injuries, having none and was placed in the Special Housing Unit.

#### Principle Inmate(s) Interviews:

[REDACTED]

On 09/20/03 at approximately 0940hrs, Lieutenant G. Cooper interviewed [REDACTED] in the Special Housing Unit. [REDACTED] stated that the substance was a bunch of pepper and baby oil. "We were in Allenwood together and we were friends. I came to McKean and we were friends. There was a lot of stuff going on about me, they say I was talking to the police. He told a few people I know that I was talking to the police. I found out that he was talking shit about me, this could get me killed. I put the peppered oil in a coffee cup in the unit. I then went to education entered the classroom and sat down. I was just dead, it was a heat of the moment thing. I threw the substance in Donaldson's Face when I walked passed him. I left the area and went to recreation. I'm cool, I don't have no problem but he has to keep his mouth shut about me talking to the police, I am not with that".

Donaldson, Sadrick #10495-040

On 09-20-03 at approximately 0910hrs. Lieutenant G. Cooper interviewed Inmate Donaldson #20102-018 in the Special Housing Unit. Inmate Donaldson stated "I reported last year that [REDACTED] was harassing me. He was asking to have sex with me so I had to P.O. I haven't talked to the dude, he was harassing me on the compound. threw something in my face. It was hot and I started screaming then people were leaving the classroom and staff came and took me to wash my face. The hospital told me it was floor stripper. I have Burns on my shoulders and face and I lost vision in my left eye.

**Medical Information:**

Inmate Donaldson #20102-018 received 2<sup>nd</sup> degree burns to his nose and face and 1<sup>st</sup> degree burns on both shoulders. Donaldson also received severe irritation to both eyes to include temporary loss of vision in one eye.

Inmate [REDACTED] received no injuries.

Inmate [REDACTED] received a minor burn below his left eye.

Inmate [REDACTED] received minor burns on the forehead.

**Conclusions:** Based on the conclusion of this investigation it has been determined that inmate [REDACTED] assaulted Inmate Donaldson #20102-018 by way of striking him in the facial area with an unidentified substance. This assault left inmate Donaldson with a number of 1<sup>st</sup> and 2<sup>nd</sup> degree burns. While attempting to assault inmate Donaldson, [REDACTED] also exposed inmate [REDACTED] and [REDACTED] to the substance causing them minor burns. [REDACTED] made up a concoction of baby oil, pepper, and muslim oil mixing it up and heating it. [REDACTED] reported to the education department where he sat and waited for inmate Donaldson to enter the classroom. Once seated, [REDACTED] approached Donaldson and assaulted him with the substance. This was a pre meditated act which was well planned and effectively carried out, causing severe injuries..

**Action/Recommendations:** It is this investigator's recommendation that inmate [REDACTED] be charged with Assaulting any person. I also recommend that a 309-Disciplinary transfer be considered for this inmate. Inmate Donaldson and [REDACTED] shall be made permanent separatees. I see no reason for inmate Donaldson to remain in the Special Housing Unit any longer, therefor he may be released at this time.

MEMORANDUM FOR CINDY BILLISITS, ASSOCIATE WARDEN (PROGRAMS)  
FCI MCKEAN, PENNSYLVANIA

FROM: CHARLES KINDERVATER, UNIT MANAGER

THRU: DONALD REICH, CAPTAIN

SUBJECT: REQUEST FOR PROTECTIVE CUSTODY  
(DONALDSON, Sadrick #20102-018)

## INMATE DATA:

Inmate Donaldson is a 25 year old offender who arrived at FCI McKean on November 9, 2001. He is serving a 240 month sentence for Conspiracy to Possess with Intent to Distribute Crack Cocaine. Inmate Donaldson has a projected release date of August 20, 2014, via good conduct time. He has no detainers at this time.

## INCIDENT SUMMARY:

On November 12, 2002, inmate Donaldson was placed in the special housing unit (SHU) after requesting protective custody. The inmate was interviewed that same day by Unit Manager Kindervater and Counselor Buck in the special housing unit.

## INVESTIGATION:

During the interview, inmate Donaldson stated that an inmate named [REDACTED] was pressuring him for a relationship. This inmate has been identified as [REDACTED]. Donaldson stated that [REDACTED] and he were involved in a relationship at USP Allenwood. Donaldson stated that [REDACTED] wanted to continue the relationship here at McKean but that he did not want to. Donaldson stated that [REDACTED] has been coming to the unit and pressuring him in the evenings. He also stated that three other inmates approached him on the compound about a month ago for sex but did not assault him. Donaldson stated that [REDACTED] tried to prevent him from talking to any other inmates and gets very defensive towards any inmates who talk to him. Donaldson stated he does not think that [REDACTED] will hurt him but that he might hurt someone else if he sees someone talking to Donaldson. Donaldson stated he could not take it any more and would like to remain in SHU or be transferred to get away from [REDACTED]. He also started crying several times during the interview.

Interviewed inmate [REDACTED] and asked him if it was safe for Donaldson to return to general population [REDACTED]

RE: DONALDSON, Sadrick

**OTHER INFORMATION:** (In this section include all related information available to the unit team at the time of the investigation that supports the teams comments/conclusions, i.e., inmate statements, staff memos, C/I information, PSI, central file, media, security camera, etc.)

I have verified that inmate Donaldson and [REDACTED] were incarcerated at USP Allenwood during the same time period. I have also interviewed [REDACTED]. [REDACTED] stated that he has witnessed inmate [REDACTED] coming into the unit on numerous occasions and spending time arguing with Donaldson in his cell. [REDACTED] stated that the night before Donaldson requested to be placed in the SHU, inmate [REDACTED] was in Donaldson's cell for about an hour and they were arguing. He stated that Donaldson was up crying all night and then checked in to the SHU. Inmate [REDACTED] approached me several months ago and requested to transfer to unit BB. [REDACTED] was also asking Captain Reich for a unit transfer to unit BB and was very persistent in his attempt to move from unit DB to BB. [REDACTED] stated that the reason he wanted to move to unit BB was to help out the staff as an informant on illegal activities which were being conducted in unit BB.

**COMMENTS/CONCLUSION:** Based on the information provided to Mr. Buck and me by inmates Donaldson, [REDACTED], it appears there is some tension between inmate Donaldson and [REDACTED]. There has been no evidence presented which would lead us to believe there is a threat to Donaldson's safety. I recommend Donaldson should be returned to the general population at FCI McKean and be more closely monitored by unit staff and officers to prevent visitors from other units from entering the unit. I also recommend a picture of inmate [REDACTED] be maintained in the unit BB officer's office, at least temporarily, so any officers will be alerted to [REDACTED] entering the unit unauthorized. Inmate [REDACTED] currently resides in unit DB.
